

## Session Program

27 March 2026

# ENERDAY 2026 - 20th International Conference on Energy Economics and Technology

## *Hydrogen Markets & Infrastructures*

Technische Universität Dresden, Hörsaalzentrum  
Bergstraße 64, 01069 Dresden

## Friday 27 March

10:00

### Hydrogen Markets & Infrastructures

Session | Location: HSZ, HSZ/4-401 - HSZ/401

10:00–10:20

#### Challenges and Emerging Solutions for Electrolyser Projects in the Hydrogen Ramp-Up: Practical Insights from VNG's Project and Business Case Development

Speaker

Dr Philipp Hauser

10:20–10:40

#### Cost-Efficient Planning of Hydrogen Networks Using a Sequential Brownfield Optimisation Approach

Speaker

Ferdinand Rädler

10:40–11:00

#### Industrial hydrogen demand and decentralized supply in North Rhine-Westphalia (NRW): a cluster-based spatial scenario analysis towards net-zero production by 2045

Speaker

Philipp Dreher

11:00
