

Session Program

27 March 2026

ENERDAY 2026 - 20th International Conference on Energy Economics and Technology

Carbon Removal & Transition Pathways

Technische Universität Dresden, Hörsaalzentrum
Bergstraße 64, 01069 Dresden

Friday 27 March

16:50

Carbon Removal & Transition Pathways

Session | Location: HSZ, HSZ/4-401 - HSZ/401

16:50–17:10

From Energy System Pathways to Spent Fuel Inventories: Scenario-Based Assessment of High-Level Radioactive Waste and Disposal Capacity

Speakers

Alexander Wimmers, Mahdi Awawda

17:10–17:30

DIRECT AIR CAPTURE DEPLOYMENT – WHERE AND WHY?

Speaker

Berivan Düz

17:30–17:50

Reassessing Carbon Dioxide Removal Pathways System Consistency Between Electricity-Driven DAC and CO₂ Handling

Speaker

Juli Horn

17:50
